

Instructions

The Out of the Pits Fix-A-Bull Spay-Neuter Program promotes and provides free or low cost spay and neuter services Pit Bulls and Pit Bull mixes in an effort to prevent the killing of Pit Bulls due to overpopulation.

We offer this special program for Pit Bulls because it is estimated that 1 in every 4 dogs killed at shelters is a Pit Bull or mix.

To qualify, you must send a PHOTO of your dog and a completed application to the address below.

Your application will not be approved if you do not submit a photo of your Pit Bull or Pit Bull Mix.

Once your application is approved, you will receive instructions on how to schedule your appointment and receive your S-N voucher.

Please note: any services beyond the spay-neuter surgery will be at your expense.

Please email your completed application and PHOTO of your Pit Bull to: spayneuter@outofthepits.org or mail a hard copy to:
